Temporary Studios

It is now two years since we officially moved into our temporary Studios at Eurovision. We are awaiting the completion of new studios within the Dewsbury Gospel Church complex which is a listed building.

Construction work will take time as the work can only be done out of school term time so as not to disrupt the students at the Branch Christian School which is also housed within the complex.

However, plans have been passed by the local authority and preparatory work has already commenced, we are all very excited to see the outcome. A separate entrance area will be created as well as three floors which will house two studios as well as a rest room, kitchen and toilet facilities.

STUDIOS

we are very grateful to David Hathaway and his team at Eurovision for accommodating us. taking us under their wing and working alongside us daily.

it is so very good to share our working days with another Christian ministry. as we are able to encourage each other with the ministries God has given us the stewardship of.

GOALS

This year the trustees have set out three short term goals that we would like to achieve over the coming year.

- 1-Revamp and re- launch of the web site.
- 2-Produce a regular newsletter.
- 3-Increase the number of volunteers involved in the ministry.

ONGOING DAILY WORK

We are continually trying to update and replace our equipment, some of which is many years old. We are truly grateful for your continued support both spiritually and financially with the ministry.

New work station

Within our studio area we have created two work station areas with editing facilities.

There is also an area set aside for recording and the preparation of programs as well as interviews.

We are trying to maximise the area for our volunteers to work in, as well as for any work placement students we may recruit during the summer months.

We are on air and on line 7 days a week
